MARC MILTON

Pune, Maharashtra | 8600118631 | marcmilton10@gmail.com | LinkedIn

PROFESSIONAL SUMMARY

Final-year B.Sc. Computer Science student with hands-on project experience in data analysis, cloud-based application development, and financial analysis. Skilled in Python, Excel, and BigQuery, with a strong interest in finance and analytics. Proven ability to translate complex data into actionable insights, backed by experience building end-to-end applications and collaborating with cross-functional stakeholders.

EDUCATION

MIT World Peace University (MIT WPU), Pune *Expected June 2027*

Bachelor of Science in Computer Science (Honours) | CGPA: 8.1 / 10

365 Careers (Udemy)

Financial Analyst Course — In Progress

Financial Risk Manager (FRM)

Exam Registration Planned — 2027 (Post-Graduation)

WORK EXPERIENCE

Krishakra — Webmaster & IT Support *Jan 2026 – Jun 2026*

- Designed, built, and maintained the organization's website, ensuring consistent uptime and a smooth user experience.
- Handled day-to-day IT troubleshooting and technical support, resolving issues efficiently to minimize downtime.
- Acted as the primary point of contact for technical problem-solving, applying strong critical thinking to diagnose and fix issues independently.

PROJECTS

AI Lawyer Chatbot *2nd Year*

Built using Botpress

- Designed a conversational AI chatbot to answer common legal queries, improving accessibility to basic legal information.
- Configured conversation flows and logic to handle multi-turn user queries accurately.

Medibuddy — Health & Medication Tracker *3rd Year*

AWS (EC2, S3, RDS, Lambda, SNS, SES, Cognito)

- Developed a cloud-native health application to help users track medications and personal health metrics.
- Architected the backend on AWS using EC2, RDS, and Lambda, with SNS/SES for automated medication reminders and notifications.
- Implemented secure user authentication with multi-factor authentication via AWS Cognito.
- Ensured end-to-end encryption for data in transit and at rest, aligning the system with HIPAA compliance guidelines.

Client Websites (Freelance) *2025 – 2026*

HTML, CSS, JavaScript, Emergent, Claude

- Designed and developed multiple websites for external clients, managing requirements from concept to deployment.
- Leveraged AI-assisted development tools (Emergent, Claude) to accelerate build time while maintaining code quality.

Personal Finance Dashboard *3rd Year*

Excel, Claude

- Built an interactive dashboard to track and visualize personal expenses across categories.
- Used formulas, pivot tables, and conditional formatting in Excel to automate expense categorization and trend tracking.
